How Beevote looks now

The screenshot displays the Beevote web application interface for a user named Luigi Oliva. The interface is divided into two main sections: 'Your Groups' on the left and 'List of all topics' on the right.

Top Bar: A blue header bar contains the Beevote logo on the left, the user's name 'Luigi Oliva' and email 'outerhaven@live.it' in the center, and a user profile icon on the right.

Your Groups: A section on the left with a blue header containing a white user icon and the name 'Luigi Oliva'. Below this, three green buttons represent different groups: 'Work group' (with a group of people icon), 'Family' (with a family icon), and 'Group of friends' (with a group of friends icon).

List of all topics: A section on the right with a blue header containing the text 'List of all topics'. Below this, three blue buttons represent different topics: 'Business dinner of friday' (with a calendar icon, dated Friday 13 February 2015, and a note 'This topic has reached its deadline'), 'Business meeting' (with a location pin icon, labeled 'Beevote office'), and 'Where we go for holidays?' (with a calendar icon, dated Saturday 01 August 2015). A fourth blue button, 'Where we go to dance tonight?' (with a calendar icon, dated Thursday 12 February 2015, and time 11 p.m.), is partially visible at the bottom.

A red circular button with a white plus sign is located at the bottom right of the interface.
